Emergency road aid funds awarded to Carter County

For bridge and flood damage repairs

FLEMINGSBURG, Ky. – The Kentucky Transportation Cabinet today announced that Carter County will receive more than \$220,000 in County Road Aid emergency funds.

Of the total funding, \$190,400 will be used for flood damage repairs to various county roads and \$34,400 will be used to replace a bridge on Stapleton Road. The work will make travel safer for cars, school buses and other vehicles that rely upon county roadways.

“These emergency funds are being used to repair roadways and to improve safety and mobility in Carter County,” said Transportation Secretary Mike Hancock. “This project is one example of the cabinet’s commitment to providing a solid infrastructure in Carter County and all across the commonwealth.”

The Carter County Fiscal County is responsible for administering the work.
